

Designed by the Yonoh Studio, the NIM collection was born of the search for versatility of use. In formal terms, the collection stands out for its sinuous, friendly and inviting design. The use of wood and the original upholstery with contrasting piping on the contour bring warmth and exclusivity to the collection. The shells are available in oak or beech veneer, lacquered or in upholstered versions. The chair in its metal base versions is produced with two original types of bases: four-legged tube or rod sled bases. A bench with aluminium feet is also available. The shells and metallic bases are available in all the fabrics, colours and finishes of the INCLASS sample book. The extensive customisation possibilities allow the NIM chairs to inhabit any setting, whether public or private.

DESIGNER: Yonoh

YONOH is a multidisciplinary studio of creative development. Clara del Portillo and Alex Selma, industrial designers, founded the studio in 2006, after having developed their careers separately. Uniting their creative inquisitiveness they create models that differ for their simplicity and functionality, pieces that exude freshness and uniqueness; functional and simple designs without leaving the innovation and originality. During his career, the studio has won prestigious design awards worldwide, including Red Dot, IF Design Award, Good Design or Wallpaper* Design Award among others.

MONOSHELLS

Wooden monoshells:

Have an ergonomic shape and are made from bentwood. Available in beech veneer or oak veneer stained or lacquered in any of the colours of the INCLASS swatch book. The wooden monoshells can have an upholstered seat pad which is available in any of the fabrics and leathers from our swatch book or with fabric supplied by the customer. The wooden monoshells are produced with PEFC-certified wood.

Fully upholstered monoshells:

Have an ergonomic shape and are made from bentwood covered in highdensity, high-resilience CMHR polyurethane foam.

Upholstery: Available in any of the leathers or fabrics of the INCLASS swatch book and also in fabrics supplied or specified by the customer. The contour of the upholstery includes a coloured contrasting-piping-in 8 different colours to combine with the upholstery. The contrasting piping makes every chair more exclusive and elegant.

Contrasting piping colours:

Nils1, nils 7, nils 10, nils 9, nils 20, nils 21, nils 30, nils 33.

STRUCTURES

Four-legged chair:

Produced with a 16x2mm steel tube frame.

Finishes: Available in thermoset polyester powder coating in any of the colours of the INCLASS swatch book or in chrome.

Glides: Standard plastic glides for floor protection are included. Plastic glides with felt surface, recommended for hard and delicate surfaces, are available upon request.

Stackability: This version is stackable.

Sled-base chair:

Produced with a 12mm solid steel rod frame.

Finishes: Available in thermoset polyester powder coating in any of the colours of the INCLASS swatch book or in chrome.

Glides: Standard plastic glides for floor protection are included. Plastic glides with felt surface, recommended for hard and delicate surfaces, are available upon request.

Stackability: This version is stackable.

Stool with rod foot:

The structure is made from 12mm solid steel rod. The stools are produced in two heights of 75cm and 65cm.

Finishes: With thermosetting polyester paint in any of the colours of the INCLASS metallic finishes chart or in chrome.

Pads: Includes standard plastic pads in contact with the floor. Optionally it can be fitted with felt-lined pads suitable for hard and delicate surfaces.

Stackability: This version is not stackable.

ACCESORIES

Writing tablet:

It is foldable and detachable. The cast aluminum joint has a polished finish. The writing board is made of 10mm hpl in black colour. It is available for right and left-hand users.

Linking clips for sled base chairs:

Are made of polypropylene.

Felt glides.

Transport dolly.

Reinforced rod sled base.

CERTIFICATION & STANDARDS

- European UNE EN 15373:07 standard.
- AIDIMA Quality Control Label

- The INCLASS quality management system is certified in accordance with ISO 9001:2015 in all the design, manufacturing and sales procedures of its products.
- INCLASS production processes are certified according to environmental ISO 14001:2015 quality standards and are carried out through the reduction of waste and energy consumption in order to minimise any impact on the environment.
- The wooden monoshells are produced from PEFC-certified wood.

WARRANTY

INCLASS MOBLES S.L. guarantees the products of the NIM against any manufacturing and materials defect up to a period of 5 years from the date of the invoice. All damages caused by misuse, accident as well as those having their cause on the lack of proper maintenance are excluded from this warranty. Natural attrition of fabric and upholstery foam is also excluded from this warranty. The customer must prove the date of purchase of the article with the invoice.

INCLASS replace or repair nonconforming products or components taking over the costs without any other liability.
