

SUN is a collection of multipurpose stools designed for use in bars, restaurants, cafes, offices or at home. An attractive, simple design defines the aesthetics of this nice and versatile stool collection.

DESIGNER: INCLASS Studio

The INCLASS design studio started its activity in 2005 with the aim of embedding and driving design in different areas of the company. Today the studio is made up of a cross-functional team which incorporates product designers, graphic designers, engineers and prototype technicians. Since then it has undertaken the overall design of numerous products and has developed the proposals of top external designers who usually work with our firm. The studio strives to ensure that INCLASS designs have a contemporary look, that at the same time are balanced, pure, elegant and timeless with a view to introducing collections that are always innovative, attractive and modern.
