

PAU is a versatile collection of upholstered modular elements that can be arranged in an endless number of layouts to adapt to the most diverse architectural styles and settings. The collection is made up of upholstered elements of different sizes, manufactured with or without backrests and that can be fitted with wooden, upholstered or metallic arms. The variety of elements and the scope of possibilities for layout facilitate its integration into all kinds of settings.

DESIGNER: INCLASS Studio

The INCLASS design studio started its activity in 2005 with the aim of embedding and driving design in different areas of the company. Today the studio is made up of a cross-functional team which incorporates product designers, graphic designers, engineers and prototype technicians. Since then it has undertaken the overall design of numerous products and has developed the proposals of top external designers who usually work with our firm. The studio strives to ensure that INCLASS designs have a contemporary look, that at the same time are balanced, pure, elegant and timeless with a view to introducing collections that are always innovative, attractive and modern.
