

Hanging fixture  
2003

**GENERAL DESCRIPTION**

Thin slats of natural birch wood knotted around a stainless steel frame tie up a powerful source of light, providing it with volumetric quality. It formally reminds of the huge Scandinavian lamps from the 20th century, although it features the Mediterranean freshness of a knot of tagliatelle or the agave plant leaves.

**APPROXIMATE WEIGHT (unpacked)**

(1.) LEONARDO 60 3 kg / 6lb  
(2.) LEONARDO 100 3.7 kg / 8.2 lb

**TECHNICAL CHARACTERISTICS**
