

Sylvestrina

Jordi Garcés, Enric Sòria. 1974
Table Lamps

"It was named after an old fisherman from El Port de la Selva called Silvestre; tall, rugged and elegant. A bottle half-filled with light, or half-empty? Bottle in the half-light. A softly lit oil lamp." - Jordi Garcés and Enric Sòria

The Sylvestrina lamp follows you around. Freed from the moorings of electric wires, now it lights up any conversation, including in its usual place, resting on a table.

Its discreet circular base needs little surface area to house a rechargeable battery. Simply press the outer tube down to activate the switch, adjusting accordingly, to full or medium strength. Sylvestrina is secure in the subtle atmosphere of trust. Like the light of a good oil lamp.

General description:

Transparent Pyrex glass lampshade. White translucent diffuser.
Glossy black metallic base.
Lithium battery.
Switch incorporated into the luminaire with 2 levels of intensity.
Power Range: 7h on high power - 14h on minimum power.
Includes contact charger.
Battery charging time: 5h.
Electric cable length: 1 m / 39,4"

Approximate weight (unpacked):

0,65 Kg / 1.4 lb

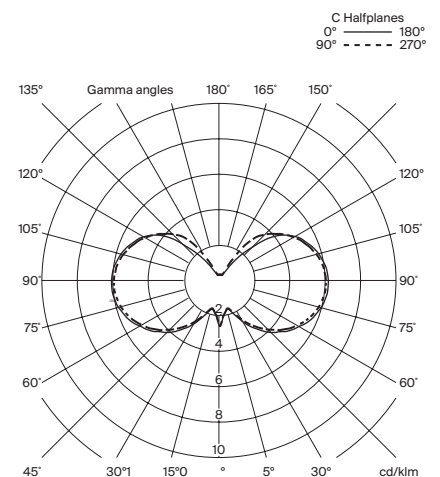

Technical information:

Light source included (dimmable).
LED bulb (S&C DC bulb)

Rated input wattage: 1 W
Operating current: min. 185 mA / max. 365 mA
Colour Temp.: 2.200 K
CRI: 85
Lifetime: 40.000 h
Luminous flux: min. 30 lm - max. 55 lm

2 levels of intensity.
Energy efficiency class (E.E.C): A++ ... A.
Suitable for indoor and outdoor use.
Always use this light source.

Input voltage: 100 ~ 240 Vac.
(50 Hz / 60 Hz). According to destination.
